SUMMARY

Frontend React Developer with real-world experience building production-grade web applications using React.js, Next.js, and Tailwind CSS. Strong background in designing reusable components, responsive UIs, and deploying on shared hosting platforms like Vercel and cPanel. Proven ability to work collaboratively with backend teams and deliver scalable solutions.

SKILLS

Frontend: React, Next.js, Tailwind CSS, Typescript, Material UI, Bootstrap, HTML, CSS, Figma

Backend: Node.js, Express.js, MongoDB, PostgreSQL

Tools: Git, Postman, Vercel, cPanel

Soft Skills: Communication, Team Collaboration, Problem Solving, Time Management

EDUCATION

BSc in Electrical and Computer Engineering | Debre Berhan University — Jul 2023

WORK EXPERIENCE

Frontend Web Developer | Edget Business Solution — June 2024

- Developed responsive, mobile-first websites for Gilando and Mount Trading PLC.
- Built reusable components using Next.js, Tailwind CSS, and Typescript.
- Ensured scalability, SEO optimization, and modern UI consistency.

Junior React Developer | Bazra Motors — Sep 2023 – Present

- Implemented the admin dashboard for logistics operations using React.js, Context API, and Material UI.
- Integrated RESTful APIs and adapted to an existing codebase under tight deadlines.

MERN Stack Developer Intern | Kifiya Financial Technology — Jan 2022 – Apr 2022

- Built MERN-based intern management tool 'Khub' for admin control and intern registration.
- Connected UI to MongoDB with secure Express.js APIs.
- Delivered live demo to mentors and received positive feedback.

PROJECTS

Gilando Website — <https://gilando.vercel.app/>

- Modern Biomedical Company landing page with interactive design, property showcases, and a clean, responsive layout.

Mount Trading PLC — <https://mount-trading.vercel.app/>

- Corporate service showcase website using responsive grid layouts and smooth navigation.

CERTIFICATIONS

Cisco Routing and Networking | Debre Berhan University — Aug 2022
